

LIQUIDLINE®  
REFRESHINGLY SATISFYING

## About Liquidline®

# Professional. Thoughtful. Honest.

**Liquidline is a well-established family run business that provides commercial coffee machines, water dispensers and vending solutions for a wide and varied audience.**

Since our early beginnings we have enjoyed year on year growth by building customer loyalty and providing consistent values. Our mission is to ensure you, your customers and staff are provided with convenient access to healthy and invigorating refreshments.

Combining experience, the latest technology and the finest ingredients, our various coffee and vending machines, juice dispensers, coolers and boilers offer quality and satisfaction with every sip. Our machines are not only great on the outside but perform just as well on the inside.

# Liquidline are purveyors of refreshment and satisfaction.

## Which Liquidline coffee machine range is right for your business?

It's essential to choose a coffee machine that's a good fit for your business. We have a huge range to choose from, which at a glance is quite daunting. These basic questions will help guide you to the coffee machine range that is right for your business.

### Ask yourself these questions:

How much coffee do you need to serve in one go?

What type of coffee would you like? Instant, filter or beans?

What is your budget?

Fully automatic vs Barista style?

Do you require accessories with your machine? e.g. cup warmer/milk fridge/cup dispenser/coin system

Do you have sufficient space and services? e.g. plumbing and power

## Professional Espresso
